Portable Filtration Package

UOW

MODEL UOW040T0075A3

Oil transfer and filtration package of clean and compact construction, joining high filtration performances and long life filter element to a easy and handy use.

The filter can be fitted with a visual or electrical clogging indicator, also of differential type.

The filter element, having a wide filtration area (12.800 cm²) and excellent efficiency features, is normally available with filtration degree 5, 7, 12 and 21μ_{m(e)} (β_x > 1.000) and WR (Hydro Dry).

Total weight 50 kg.

Filter element, type ERF34N++ to be ordered apart. (please refer to the OF series datasheet for the technical features and the ordering code).

OHF- 900
